

قائمة بالأبحاث المنشورة للسادة أعضاء هيئة التدريس خلال عام 2020

National 2020		
	عضو هيئة التدريس	البحث المنشور
1	Mohamed Abd Elaziz Mohamed	Mohamed, Mohamed, and Maha Fouad Gomaa. "Effect of surface finishing protocols on color and translucency of zirconia reinforced lithium silicate glass-ceramic after thermo-mechanical aging and different staining solutions." Egyptian Dental Journal 66.4-October (Fixed Prosthodontics, Removable Prosthodontics and Dental Materials) (2020): 2491-2502.
2	Maha Fouad	Mohamed, Mohamed, and Maha Fouad Gomaa. "Effect of surface finishing protocols on color and translucency of zirconia reinforced lithium silicate glass-ceramic after thermo-mechanical aging and different staining solutions." Egyptian Dental Journal 66.4-October (Fixed Prosthodontics, Removable Prosthodontics and Dental Materials) (2020): 2491-2502.
3	Seham Esmat Mohamad Abd El Motaleb	Mohamed, Seham Esmat. "A Finite element analysis of stress distribution in all on four system using different framework materials in the mandible." Egyptian Dental Journal 66.4-October (Fixed Prosthodontics, Removable Prosthodontics and Dental Materials) (2020): 2423-2430.
4	Basma Mohamed Mokhtar El Kharbotly	Basma, Fawzy, Mervat I., Mohammed H. Mostafa, and Latifa M. Abdelgawad. "Clinical and Radiographic Assessment of an Innovative Pulpotomy Technique Compared to Conventional in Primary Molars (Randomized Clinical Trial)." Al-Azhar Dental Journal for Girls 7.4-A (2020): 635-641.
5	Mona Shaaban	Mohamed, Mona Shaaban, and Nawal Hassan Aidaros. "Assessment the impact of Moringa Oleifera extracts and ascorbic acid solution as antioxidants on microshear bond strength of resin composite to bleached bovine enamel (in vitro study)." Egyptian Dental Journal 66.3-July (Conservative Dentistry and Endodontics) (2020): 1873-1882.
6	Nawal hassen aidaros	Mohamed, Mona Shaaban, and Nawal Hassan Aidaros. "Assessment the impact of Moringa Oleifera extracts and ascorbic acid solution as antioxidants on microshear bond strength of resin composite to bleached bovine enamel (in vitro

		study)." Egyptian Dental Journal 66.3-July (Conservative Dentistry and Endodontics) (2020): 1873-1882.
7	Nermine Sorour	Sorour, Nermeen Hassanien, Amira A. Zaied, and Mohamed Farid Shehab. "Low intensity pulsed Ultrasound therapy versus dry needling for inactivation of myofascial trigger points: Randomized Clinical Study." Egyptian Dental Journal 66.2-April (Oral Surgery) (2020): 861-872.
International 2020		
1	Eman Abd Elaziz Ahmed	EAE, Rezallah, Nader Nabil, et al. "Radiographic evaluation of bone and mucosa using low-dose CBCT with radiopaque X-resin stent versus CT and ridge mapping: A Validity study." Journal of International Oral Health 12.6 (2020): 586.
2	Naglaa mohamed kamal	Hazaa, Hala H., et al. "Correlation of VEGF and MMP-2 levels in oral lichen planus: An in vivo immunohistochemical study." Journal of oral biology and craniofacial research 10.4 (2020): 747-752.
3	Manal moustafa saad	M.Saad, Elshazly, Noha, et al. "Efficacy of bioactive glass nanofibers tested for oral mucosal regeneration in rabbits with induced diabetes." Materials 13.11 (2020): 2603.
4	Nermine Sordur	Hamid, Mohamed A. Abdel, et al. "Dose-dependent clinical, radiographic, and histopathologic changes of 17 β -estradiol levels within the temporomandibular joint: an experimental study in ovariectomized dogs." Journal of Oral and Maxillofacial Surgery 78.8 (2020): 1304-1313.
